- Information from cookies.

Information provided directly by the user: when you subscribe to a service provided by SharewarePROS, we may ask you about your name and e-mail address. For example, when you fill the contact form, you need to enter your name and valid e-mail address.

Information from traffic references: when you visit a website, you unveil certain information about you, such as your IP address, time of visit, place from which you accessed our website. SharewarePROS, like other operators, stores this information.

Information from cookies: SharewarePROS allows other companies, called third-party ad networks or payment registration services such as Google AdSense [Google AdSense Privacy Policy](#) and RegNow Software Registration Services [MyCommerce Privacy Policy](#), to serve advertisements or software purchase within the SharewarePROS site. These third-party companies use technology to send, directly to your browser, the advertisements and links that appear on the SharewarePROS site. They automatically receive your IP address when this happens.
